HOSA State Leadership Conference

PENN HOSA 46th Annual State Leadership Conference

On March 26-28, 2025, 38 HOSA students from Health Careers Technology, Medical Assistant and Sports Therapy Sciences attended the conference and represented the LCCTC as competitors, voting delegates and event assistants. The conference provided opportunities for growth in leadership, teamwork, responsibility and networking opportunities with other Penn HOSA members throughout the state. We are so proud of each of them and their professionalism while attending the conference.

Good Job!

Health Careers Technology's Clinical Rotations

Senior Clinical Rotations at WellSpan Good Samaritan

Students from Mrs. Mattis and Mrs. Garrett's senior class participated in clinical rotations at WellSpan Good Samaritan. Students worked on different units at the hospital providing care and performing the tasks of a Patient Care Technician/Nursing Assistant.

State FFA Officers Visited the CTC

The State FFA Officers visited Lebanon County CTC Landscape and Horticulture students on April 7, 2025. The students participated in leadership, employability, and personal growth workshops with the officers. Students had fun with the interactive workshops and the visit! Thank you to Chloe and Sydney!

Carpentry Class Field Trips

Students from the morning Carpentry class visited Carmany Apartments job site on April 8, 2025. Greg Bishop, General Superintendent, along with his Site Manager Joe Difava, Site Superintendent of Funk Construction led the students through three different buildings, each in a different state of construction. The students saw varying stages of construction including framing, mechanical installation, and siding. They also saw a drywall installer using stilts. The morning ended with all the students getting some swag from Mr. Bishop.

This is a 48-unit apartment complex. The buildings are framed and dried into the weather. There is siding going on the outside. On the inside there are apartments in many different stages of construction. Some units are drywalled and ready for interior doors and trim. There will be all the mechanicals to see being installed: HVAC, fire sprinkler, electric, plumbing, insulation and some minor framing.

Thank you!

Carpentry Class Field Trips

Eight students from the Carpentry program volunteered their time and skill to help build a handicap - accessible ramp at an elderly woman's home. The students worked for four days on the project doing demo, building ramps, landings, setting posts, and working well as a team with the project manager.

Eight carpentry students toured Kountry Kraft Custom Cabinetry on May 13, 2025. After a presentation of the business by the president of the company, the students were directed through their showroom and factory, where they saw projects in varying stages of manufacturing. Two of the students picked up applications for employment.

KOUNTRY KRAFT
EXCELLENCE IN CUSTOM-MADE CABINETS SINCE 1959

Josiah Cruz and his Winning Billboard

Media Communication and Technology student Josiah Cruz won this year's Center for Traffic Safety billboard design contest. Josiah's design was selected by StateFarm from a variety of contestants representing 35 schools. The Cruz family was part of last year's contest with Josiah's sister Eliani winning the contest with her billboard design. Josiah has been accepted and will continue his media communication studies at Kutztown University this year. The Billboard is visible from 422 East and Lehman Street. Josiah is another example and success story of career and technical education. LCCTC prepares students for post-secondary education or the workplace.

WELL DONE!

Mr. Benton, Director; Josiah Cruz, LH; Mr. Giovarelli, Media Instructor; Marisol Cruz, Parent

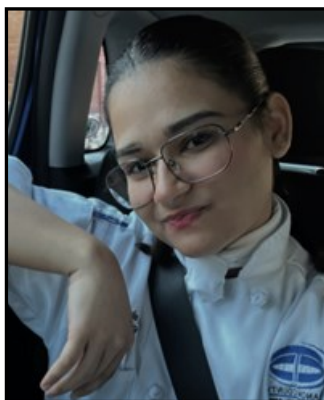

Please welcome new staff member. . .

► Rebecca Zimmerman, Special Education Facilitator

Becky has spent 17 years in the education field and is excited to be joining the team at the CTC! Prior to this role, she worked as a learning support teacher at ELCO High School. She is a proud graduate of Millersville University and has always had a passion for helping students reach their potential. Outside of school, she enjoys cooking, hiking, camping, and traveling. She will never say no to a good road trip! One thing that she is most looking forward to at the CTC is learning new things about the many programs offered here, while at the same time supporting students as they explore their career paths!

Rotary Students-of-the-Month May 2025

**Jeralys Sanchez, CL,
Pastry Arts**

Jeralys Sanchez is the daughter of Luis Sanchez and Anais Tolentino, Lebanon, PA. Jeralys is a senior at Cedar Crest High School and is enrolled in the Pastry Arts program at the Lebanon County Career and Technology Center.

Jeralys is a member of the student organization

SkillsUSA where she received a gold medal in the Cake Decorating Contest at Districts and States. She also received a gold medal in the ProStart competition for Cake Decorating. She is a member of National Technical Honor Society and American Culinary Federation. Jeralys has received the honor of being part of the top 5% at CTC and will be recognized at the Excellence in Education event later this month.

After graduation, Jeralys plans to continue to work at the The Sweeterie Confectionery Kitchen and expand her knowledge in Pastry Arts. Her career goal is to become a Pastry Chef.

**Hayden Adams, NL,
Plumbing**

Hayden Adams is the son of Rodney and Tricia Adams, Jonestown PA. Hayden is a senior at Northern Lebanon High School and is enrolled in the Plumbing, Heating, Air Conditioning program at the Lebanon County Career and Technology Center.

Hayden is a member of his high school's football

and baseball teams. He participates in the outdoor club, ecology club, and FFA.

After graduation, Hayden plans to join the union as a Pipefitter. His goal is to retire from working when he is 55 years old.

Way to Go
