

Auto Body Technology (CIP- 47.0603)
Total Program Hours: 910

Program Length

Monday-Friday, 8:05 A.M. – 2:10 P.M. (August-June)

About the Program

Auto Body Technology prepares the students with entry-level skills to repair damaged vehicles to pre-accident condition. Skills taught include: Safety, Vehicle Design & Construction, Panel Replacement and Alignment, Trim & Hardware, Metal Finishing, Body Fillers, Damage Analysis, Corrosion Protection, Welding & Cutting, Surface Preparation & Refinishing Equipment, Automotive Finishes, Refinishing Operations, Blending Operations, Detailing, Estimating, Plastic Repair and Restraint Systems.

Career Opportunities after Graduation

Automotive Detailer	Painters—Apprentice – Prepper
Custom Accessories Installer	Welder – Sheet Metal
Collision Technician - Apprentice	Estimator (shop or insurance company)
Restoration Technician	Parts/Paint Sales Rep
Metal Fabricator	Towing/Transporting
Used parts/Salvage Company	Office Personnel
Re-conditioner	

Other Opportunities for those with experience:

Shop Owner, Shop Manager, Quality Inspector, Paint & Body Supply Representatives

Certifications Available

NOCTI (National Occupational Competency Testing Institute) SP/2 Safety and Pollution Certification

Financial Information			
Base Tuition	\$8,190		
+ Supplies & Fees			
Textbook Rental	\$100		
NOCTI testing	\$35		
Printing	\$100		
Technology	\$100		
Mixing Board, Spreader, Safety Glasses	\$20		
Total Program Tuition Cost			
\$8,545			
+ <i>Pre-Entrance Costs*</i>	\$280 (* <i>Estimate</i>)		
<i>Criminal Record Check</i>	<i>FBI Clearance</i>	<i>Child Abuse Check</i>	
<i>Uniform Shirt</i>	<i>Jeans or work pants</i>	<i>Steel Toe Work Shoes</i>	<i>Basic Tools</i>
	<i>Application Fee</i>		
Total Estimated Student Cost			
\$8,825			

***Successful completion of the program results in receipt of a certificate of LCCTC program completion**

The Lebanon County Career and Technology Center does not discriminate on the basis of race, color, national origin, sex, disability, or age in its programs and activities and provides equal access to the Boy Scouts and other designated youth groups. The following person has been designated to handle inquiries regarding the non-discrimination policies:

Gregory Williams – 833 Metro Drive, Lebanon, PA 17042 – (717) 273-8551 extension 2139

Automotive Technology (CIP- 47.0604)
Total Program Hours: 910

Program Length

Monday-Friday, 8:05 A.M. – 2:10 P.M. (August-June)

About the Program

Automotive Technology students diagnose, service, and repair late model vehicles following the Automotive Service Excellence (ASE) and Automotive Youth Educational System (AYES) national technician standards. Students may obtain the PA Auto Safety Inspection Certification, PA Emission Inspection Certification and qualify to take the ASE tests after successfully completing the program. Utilizing state-of-the-art repair equipment students learn brake systems, suspension and steering, engine performance, automotive electronics, and HVAC.

Career Opportunities after Graduation

Air Conditioning Technician	Automotive Parts
Inspection Technician	Alignment Technician
Drivability Technician	Service Manager
Automotive Service Technician	Sales Manager
Automotive Mechanic	Service Writer

Certifications Available

NOCTI (National Occupational Competency Testing Institute)	AYES Certificate
Certified Safety Inspector, Cat I	Certified Safety Inspector, Cat II
Certified Emissions Inspector

Carpentry Technology (CIP- 46.0201)
Total Program Hours: 910

Program Length

Monday-Friday, 8:05 A.M. – 2:10 P.M. (August-June)

About the Program

Carpentry students work on construction projects within the school and community. Skills learned include: transit and blueprint reading, selection of building materials and estimating, framing (floors, stairs, walls & roofs), selection and installation of windows and doors, roofing, interior and exterior finishing, concrete form layout & construction.

Career Opportunities after Graduation

Rough Carpenter/Carpenter Helper	Siding Installer
Roofer	Insulation Worker
Drywall Installer & Finisher	Mill Worker
General Contractor	Remodeling Contractor
	Finish Carpenter

Certifications Available

NOCTI (National Occupational Competency Testing Institute)
Residential Construction Academy (RCA) National Registry

Commercial Art & Design (CIP- 50.0402)
Total Program Hours: 910

Program Length

Monday-Friday, 8:05 A.M. – 2:10 P.M. (August-June)

About the Program

Commercial Art & Design students work with a variety of media to create logos, brochures, posters, advertisements, greeting cards, and a variety of artwork for the school and community. Skills learned include: Adobe Indesign, Adobe Illustrator, Adobe Photoshop, typography, media techniques, color theory, graphic design, perspective, computer applications, photography, web design & animations.

Career Opportunities after Graduation

Certified Photographic Consultant	Web Page Designer
Graphic Designer	Magazine/Book Designer
Layout Artist	Industrial Designer
Art Director	Production Artist
Public Relations Specialist	Desktop Publisher
Pre-Press Operator	Purchasing Specialist

Certifications Available

Computer Repair Technology
Computer Engineering/Computer Technician (CIP- 15.1202)
Total Program Hours: 910

Program Length

Monday-Friday, 8:05 A.M. – 2:10 P.M. (August-June)

About the Program

Computer Repair Technology students learn the latest technology based on the industry standard CompTIA A+ Certification. Hands on projects mixed into the high tech curriculum help develop technical expertise for the rapidly growing career opportunities in computer repair, help-desk support and entry-level networking positions. Mock job interviews and help desk scenarios help develop the “Soft Skills” needed for face-to-face customer support, helping prepare the students for the important job of troubleshooting both hardware and software issues in a real-world environment. This course will equip the student to pass the CompTIA A+ certification test.

Career Opportunities after Graduation

Computer Repair Technician	Computer Managers
Computer Service Technician	Network Technician
Computer Support Specialist	Network Engineer
Help Desk Assistant	Computer Salesperson

Certifications Available

NOCTI (National Occupational Competency Testing Institute)
CompTIA A+ (optional/additional \$200 not included in tuition)
Internet and Computing Core Certification (IC3)

Cosmetology (CIP- 12.0401)
Total Program Hours: 1250

Program Length

Year 1: Monday-Friday, 8:05 A.M. – 2:10 P.M. (August-June)
Year 2: Monday-Friday, 8:05 A.M. – 2:10 P.M. (August-approximately November)

About the Program

Cosmetology students are prepared to work as licensed professionals in a salon. Skills learned include: hairstyling, haircutting, perming, chemical relaxation, hair coloring, manicuring, facials, and makeup.

Career Opportunities after Graduation

Shampoo Assistant	Sales Representative
Manicurist	Pedicurist
Hairstylist	Makeup Artist
Skin Care Specialist	Salon Manager or Owner

Certifications Available

NOCTI (National Occupational Competency Testing Institute)
Cosmetologist
Manicurist
Esthetician

Culinary Arts
Institutional Food Workers (CIP- 12.0508)
Total Program Hours: 910

Program Length

Monday-Friday, 8:05 A.M. – 2:10 P.M. (August-June)

About the Program

Culinary Arts students operate a contemporary sixty-seat full service restaurant located within the school. This course allows students to plan, prepare, and serve a variety of traditional, ethnic, and contemporary menus as well as cater banquets, dinner meetings, and special events. Students will develop artistic skills through ice carvings and special exhibits of pastillage, tallow and aspic work. Skills learned include: Appetizers, Soups & sauces, vegetables and salad, meat/poultry/seafood/shellfish, desserts, garnishing, catering, service, sanitation, and management. This program is distinguished and nationally recognized and certified by the American Culinary Federation (ACF).

Career Opportunities after Graduation

Cook	Sous Chef
Restaurant Owner	Caterer
Bakery Manager	Cake Designer
Pastry Cook	Waiter/Waitress

Certifications Available

NOCTI (National Occupational Competency Testing Institute)
 Pennsylvania Food Employee Certification
 Certified Fundamental Culinarian (CFC)
 ServSafe/Manager Food Safety Certification (optional certification/\$102 not included in tuition)

Dental Assistant (CIP- 51.0601)
Total Program Hours: 910

Program Length

Monday-Friday, 8:05 A.M. – 2:10 P.M. (August-June)

About the Program

Dental Assistant students learn through theory, demonstrations & hands-on experiences a variety of dental topics. Skills learned include: anatomy & physiology, chair-side dental assisting, radiology, dental materials, and microbiology/sterilization. Qualified students have the opportunity to participate in clinical externships in dental offices, clinics and hospitals.

Career Opportunities after Graduation

Chair-side dental assistant	Dental Insurance Claim Reviewer
Dental X-Ray Technician	Dental Laboratory Technician Assistant
Dental Sales Rep	Dental Receptionist/Front Desk
Dental Appointment Scheduler	

Certifications Available

NOCTI (National Occupational Competency Testing Institute)
First Aid CPR/AED (Adult & Infant/Child)
Advanced Cardiac Life Support
Radiation Health & Safety (RHS)

Diesel Truck Technology
Medium/Heavy Vehicle & Truck Technology Technician (CIP- 47.0613)
Total Program Hours: 910

Program Length

Monday-Friday, 8:05 A.M. – 2:10 P.M. (August-June)

About the Program

Diesel Truck Technology students restore late model over-the-road diesel truck-tractors to like new condition. Students learn the importance of teamwork and qualify for the PA State Safety Inspection program. The major course topics include: Preventive Maintenance, Engine Systems Theory & Repair, Electrical Systems, and Brakes (air & hydraulic), Power Trains, Steering, Suspension and Drivelines.

Career Opportunities after Graduation

Preventative Maintenance Mechanic	Line Mechanic
Repair Shop Owner	Fleet Manager
Fuel Injection Specialist	Diesel Mechanic
Shift Lead Mechanic	Heavy Equipment Mechanic
Shop Foreman	Engine Specialist
Service Manager

Electrical Technology
Electrical & Power Transmission Installers (CIP- 46.0399)
Total Program Hours: 910

Program Length

Monday-Friday, 8:05 A.M. – 2:10 P.M. (August-June)

About the Program

Electrical students design and install the electrical systems in the school's construction projects and work on numerous projects within the community. Skills learned include: AC/DC fundamentals, residential, commercial and industrial wiring, AC/DC motors and generators, industrial motor control, troubleshooting, and the operation of programmable logic controllers.

Career Opportunities after Graduation

Residential Electrician	Systems Installer
Commercial Electrician	Equipment Installer
Industrial Electrician	Cost Estimator
Electrical Contractor	Lineman

Electromechanical Technology (CIP- 15.0403)
Total Program Hours: 910

Program Length

Monday-Friday, 8:05 A.M. – 2:10 P.M. (August-June)

About the Program

Electromechanical Technology students design, invent and develop electro-mechanical simulations for a dynamic experience. Students use robotics, hydraulic, pneumatic and electrical technology systems in an interactive lab setting. Students are prepared to enter the workforce to analyze, diagnose, maintain and repair electro-mechanical systems, as well as continue to post-secondary education in a career in engineering.

Career Opportunities after Graduation

Engineering Technician	Electro-mechanical Technician
Industrial Engineering Technician	Industrial Maintenance Technician
Industrial Automation Technician

Health Careers Technology (CIP- 51.0899)
Total Program Hours: 910

Program Length

Monday-Friday, 8:05 A.M. – 2:10 P.M. (August-June)

About the Program

Health Careers Technology students learn the skills necessary to sit for the Pennsylvania Nurse Aide Competency Exam to be placed on the Nurse Aide Registry for the State of PA. Skills learned include: patient care skills, anatomy & physiology, medical terminology and ethics, nutrition, environmental cleanliness, record keeping & safety. Students who successfully complete this course may also qualify for advanced placement in the LCCTC Level I Practical Nursing Program.

Career Opportunities after Graduation

Nurse Aide	Home Health Aide
Medical Secretary	Office Assistant
Patient Care Assistant	Personal Care Aide

Certifications Available

NOCTI (National Occupational Competency Testing Institute)

Industrial Machine Technology
Machine Tool Technology/Machinist (CIP- 48.0501)
Total Program Hours: 910

Program Length

Monday-Friday, 8:05 A.M. – 2:10 P.M. (August-June)

About the Program

Industrial Machine Technology students manufacture precision parts in the school’s NIMS (National Institute for Metalworking Skills) authorized training center. The curriculum provides in-school instruction on topics such as: quality control, bench work, blueprint reading, computer controlled machines (lathes/milling machines), and manual machines (saws /drills /grinders /lathes and milling machines).

Career Opportunities after Graduation

Manual Machine Operator	Quality Control Inspector
CNC Machine Operator	Inspection Technician
Machinery Mechanic	Automotive Machinist

Certifications Available

NIMS Machining Level I (CNC Milling, Turning, Manual Surface Grinding, Turning Between Centers, Turning Between Chucking, Measurement, Materials & Safety, Planning, Bench work & Layout, Manual Milling) (Not included in tuition/estimated fee \$100)

Landscape Technology
Applied Horticulture/Horticulture Operations (CIP- 01.0601)
Total Program Hours: 910

Program Length

Monday-Friday, 8:05 A.M. – 2:10 P.M. (August-June)

About the Program

Landscape Technology students work with the tools, equipment, and techniques needed to design, install and maintain beautiful landscapes for private and commercial properties. Skills learned include: hand tools, power equipment—including rototillers, string trimmers, leaf blowers, commercial mowers—excavation equipment, skid-steer loader, practice building paver patios, walkways, retaining walls, & other hardscape projects.

Career Opportunities after Graduation

Landscape Maintenance	Landscape Contractor
Groundskeeper	Residential Landscape Designer
Nursery/Greenhouse Operator	Lawn Care
Lawn & Garden Center Specialist

Network Technology
Computer System Networking & Telecommunications (CIP- 11.0901)
Total Program Hours: 910

Program Length

Monday-Friday, 8:05 A.M. – 2:10 P.M. (August-June)

About the Program

Following the CompTIA Network + Certification model, students learn the features and functions of networking components including how to install, configure and troubleshoot basic networking hardware, protocols and services. Completion of this course will prepare students for entry-level jobs in computer networking or give them a boost as they continue their education while pursuing a career as a network administration, network support technician, network administrator or network analyst. Fundamental topics to be covered include: The Foundations of Networking, the OSI/802 Model, Network Design, Network Cabling, Wireless Communication, TCP/IP, WAN Devices, Security Issues and Disaster Recovery Training.

Career Opportunities after Graduation

Network Support Specialist	Network Systems Analyst
Network Salesperson	Computer Repair Technician
Network Technician	Network Administrator
Network Engineer	Computer Support/Service Technician

Plumbing/HVAC
Plumbing Technology (CIP- 46.0503)
Total Program Hours: 910

Program Length

Monday-Friday, 8:05 A.M. – 2:10 P.M. (August-June)

About the Program

Students interested in this Pennsylvania Builders’ Association Accredited Program will learn safe work practices, materials and tools used in the trade, and applied mathematical and scientific concepts needed to build a strong foundation for more advanced topics. Students “learn by doing” by working on a variety of skills trainers and equipment designed to simulate actual field installations. Students also have the opportunity to earn Refrigerant Transition and Handling Certification. Dual enrollment opportunities with Thaddeus Stevens College of Technology are also available while enrolled in our program.

Welding Technology (CIP- 48.0508)
Total Program Hours: 910

Program Length

Monday-Friday, 8:05 A.M. – 2:10 P.M. (August-June)

About the Program

Welding students design, fabricate and repair metal products in the school’s shop facilities. They develop skills in testing procedures necessary to meet standards for welding certification and practice welding techniques according to the requirements of the American Welding Society. Utilizing state-of-the-art equipment, students learn shielded metal, gas metal, gas tungsten and flux core arc welding, blueprint reading, gas welding and brazing, oxy-fuel cutting, metal layout and fabrication, computerized numerical control cutting, plasma cutting of sheet and plate metals, and structural and robotic welding. Technical careers range from a metal fabricator to an underwater welder. The program is nationally recognized by the AWS (American Welding Society).

Career Opportunities after Graduation

Metal Cutter
Metal Fabricator
Maintenance Welder
Boilermaker
Sheet Metal Worker
Ironworker- Structural Steel Construction
Arc Welder (Gas Metal, Shielded Metal, Gas Tungsten)

Additional Opportunities with Experience

Pipe Fitter
Pipe Welder
Under Water Welder
Welding Inspector
