

August 25, 2020

Dear Parents and Guardians,

As the end of the summer approaches, the Lebanon County Career & Technology Center has been working very hard to prepare for the full re-opening of school on Monday, August 31, 2020.

It has been over 5 months since we have had students in walking, working, and learning in our school. We as a staff are excited to welcome this activity back to the CTC. Although, this school year will look and feel different than any other year, we look forward to providing a high-quality career and technical education to the students of Lebanon County.

Unfortunately, this year we were unable to hold our "Back to School" night because of the COVID-19 pandemic. To help better inform you, we have put together a "Back to School" PowerPoint presentation which hopefully will answer any questions that you may have prior to the start of school. We have also created a 2020-21 COVID-19 Guidelines document outlining our expectations of students during this difficult time.

The "Back to School" PowerPoint presentation and the 2020-21 COVID-19 Guidelines are attached for your convenience, as well as being available on our website [www.lcctc.edu](http://www.lcctc.edu) and on our Facebook page. Please take a minute to look at both documents. If you have any questions, please free to contact us.

Sincerely,

Glenn K. Meck II

Lebanon County Career & Technology Center
