

Annual Gingerbread House Competition Results

Culinary and Pastry Arts students participated in the 2020 annual "Village Construction Project". The students were given the opportunity to show individualism, creativity and hard work in a gingerbread competition among their classmates and instructors. The village was complete with snow-adorned windows and roofs, avant-garde architecture and detail not often seen in fine restaurants. The Gingerbread House Construction is part of the American Culinary Federation—endorsed Culinary and Pastry Arts curriculum.

Pictured right, Chef Corle and Chef Peffley created Auguste Gusteau's restaurant from the movie "Ratatouille".

Cosmetology's Virtual Learning at a Different Glance

Cosmetology students attended a virtual class offered by Bambi Tanger owner and stylist of Bambi's Beauty Bar in Myerstown, PA. Bambi demonstrated a braiding technique to students through Zoom. The type of braid can be done on all hair types which made it a good choice for students to learn. Bambi was able to focus her laptop and phone so that students could get multiple angles of the demonstration. After her demo, students had a chance to practice on their manikins.
