## CTC Students Give Back

Our student ambassadors hosted a "giving back week" from February 22 - March 5. They collected non-perishable food items and toiletries to donate to four local food pantries which help to service all 6 of our sending districts. We were able to collect a lot of wonderful donations that will help members of our community!

A big thank you to all that donated to this great cause.

## Plumbing, Heating, Air Conditioning Program Receives Donations

On Tuesday, March 2, 2021, Louis McKay of Resideo authorized the donation of various Honeywell thermostats and a Honeywell steam humidifier demo unit to support the Lebanon County Career and Technology Center in Lebanon, PA.

Scott Ansel of the Southeast PA Chapter met with Jeff Hirneisen, Instructor of the Plumbing, Heating, and Air Conditioning Program and his afternoon class the following day to deliver the equipment.

The group met outdoors behind the shop to hand off the donated components and had a brief discussion on the importance of good character, integrity, and professional conduct in a technician in addition to technical ability, the value of an education acquired through the CTC program and the importance of considering membership in the National Association of Oil and Energy Service Professionals (OESP).
