

# Creating and Using the FSA ID

## **What's an FSA ID?**

The FSA ID is a username and password combination you use to log in to U.S. Department of Education (ED) online systems. The FSA ID is your legal signature and shouldn't be created or used by anyone other than you—not even your parent, your child, a school official, or a loan company representative. You'll use your FSA ID every year you fill out a *Free Application for Federal Student Aid* (FAFSA®) form and for the lifetime of your federal student loans.

## **How do I get an FSA ID?**

Visit [StudentAid.gov/fsa-id/create-account/launch](https://StudentAid.gov/fsa-id/create-account/launch) to create an FSA ID. You'll need your Social Security number, full name, and date of birth. You'll also need to create a memorable username and password, and complete challenge questions and answers so you can retrieve your account information if you forget it.

You'll be required to provide either your email address or your mobile phone number when you make your FSA ID. Providing a mobile phone number and/or email address that you have access to will make it easier to log in to ED online systems and allow additional account recovery options.

**Important:** A Social Security number, email address, and mobile phone number can only be associated with one FSA ID. If you share an email address with someone else, then only one of you will be able to use that email address to create an FSA ID.

## **FSA ID Tips**

- If you need to provide information about your parents on the FAFSA® form, one of your parents will need an FSA ID to sign the form. Your parent can create an FSA ID and then sign the FAFSA form electronically using that FSA ID. Not sure whether you'll need to put your parents' information on the FAFSA form? Check out [StudentAid.gov/dependency](https://StudentAid.gov/dependency). **Remember:** You should create your own FSA ID, and your parent should create his or her own FSA ID. Also make sure to use the correct FSA ID when signing the FAFSA form electronically.
- When you first create your FSA ID, the use of your FSA ID will be restricted to completing, signing, and submitting an original (first-time) FAFSA form. You'll have to wait one to three days for your information to be confirmed by the Social Security Administration (SSA) before you can use your FSA ID for other actions, such as submitting a FAFSA Renewal or signing a *Master Promissory Note*. If you provided an email address, then you'll receive an email letting you know that your information was successfully matched with the SSA, and you can begin using your FSA ID.
- If you forget your FSA ID username or password, look for the "Forgot My Username" and "Forgot My Password" links on log-in pages. These links will direct you to web pages where you can request a secure code to be texted to your verified mobile phone number or emailed to your verified email address. The secure code will allow you to retrieve your username or reset your password. You can also retrieve your username or reset your password by successfully answering your challenge questions. **Remember:** If you verified your email address or mobile phone number during account creation, you can enter your email address or mobile phone number instead of your username to log in.

# Lebanon County CTC -- Financial Aid Application Process

Students are required to complete their financial aid applications on-line. The school cannot determine your financial aid eligibility until your financial aid applications have been processed and verified if required, so, it is important to complete your applications **as early as possible**. Some FAFSA applications are flagged for a process called verification. If your application is flagged, additional information will be required by our office. You will be notified in writing of what documentation is needed and no financial aid will be processed until it is received and verified. Once you have completed and submitted your financial aid applications AND the Office of Financial Aid has received all required paperwork from you, our office will have everything required to determine your financial aid eligibility.

**GO MOBILE!** The Department of Education has released its new *myStudentAid* mobile app which is available for download at the [Google Play](#) and [Apple App](#) Stores.

## 1. Gather required information for FAFSA application.

Instructions for creating a new FSA ID are located on the following page.

**When completing the tax section of this application, it is highly recommended that you import and do not change your 2020 Tax Return information from the IRS.** If you do not use the IRS Data Retrieval tool when completing your initial FAFSA application, you can return to [www.studentaid.gov](http://www.studentaid.gov), log in to your FAFSA record, select "Make FAFSA Corrections," and navigate to the Financial Information section of the form.
