June 2023

Dear Parent or Guardian:

On behalf of the Lebanon County Career and Technology Center (LCCTC), I would like to welcome your student to the Medical Assistant program for 2023-2024 school year.

Students in Medical Assistant will be expected to purchase and/or complete the items on the attached sheet(s). All uniform purchases, if applicable, must be made with Major League Screen Printing. They can be contacted at 717-270-9511, or you may use the LCCTC link from [www.lcctc.edu](http://www.lcctc.edu) and use the "Uniform" link at the top of the page. Students are expected to have all necessary items as listed on the attached forms, on the first day of school.

Please plan to attend the event below to obtain the following valuable information regarding the LCCTC: student schedules, attendance and grading policies, curriculum, classroom rules and procedures, lunch information, college credit opportunities, parent portal, etc. A reminder letter will be mailed concerning the Parent Orientation in mid-August.

#### **Important Dates**

August 28, 2023

Back to School Event  
First Day of School

Please contact me at 717-273-8551 ext. 2119 if you have any questions. I look forward to working with you to prepare your student for post-secondary education and/or a career in the medical assistant field.

Sincerely,

Alicia Petruska, RN  
Medical Assistant Instructor

Attachment(s)

April 2023

Dear Student and Parent(s)/Guardian(s):

Welcome to the Medical Assistant Program at the Lebanon County Career and Technology Center. You have made a great first step into starting your healthcare career. I am excited to get to know you and to help you begin your journey.

Juniors, you will be attending the AM class from 8:05am to 10:40am. Seniors, you will be attending the PM class from 11:35am to 2:10pm. Adult students, you will be attending both AM and PM sessions. Your classes will be Monday through Friday, starting August 28, 2023. Our classroom is located in the E-wing, 2<sup>nd</sup> door on the right. Please be on time. You need to be in uniform for the first day of class and everyday thereafter. You will find the information needed for you to order your proper uniform attire on the Lebanon County Career and Technology Center website, [www.lcctc.edu](http://www.lcctc.edu). At the top of the home page (on the blue banner) click on **Uniforms**. After clicking, you will pick your course, Medical Assistant on the left side. Major League is priced very well and Cherokee Work Wear is the required brand. Our main class color is Pewter. You need at least one pewter top and one pewter pant for group events. I suggest each student have 2-3 scrub tops, 2-3 scrub pants, and 1 scrub jacket. The scrub jacket is required and must have the MA emblem embroidered on the left sleeve by Major League (\$3). The 4 colors that you may purchase, as seen on the website are pewter, black, grey and shocking pink. The only print that is permitted is on the website. No other colors or prints will be permitted. You will also need to purchase one pair of **white all leather** sneakers, nursing shoes or clogs with backs. Shoes cannot be cloth, mesh or canvas and clogs may not have holes or open backs (NO CROCS) due to infection control reasons. No “jogger” style pants will be permitted.

You will need to purchase a stethoscope (suggestion: AllHeart.com for \$20 and less) and a watch with a second hand (suggestion: Wal-mart less than \$15). NO Apple watches or Fitbits of any kind are allowed to be worn in the classroom. Also, please make sure you have a black pen/pencil and notebook with you during class at all times. A 3-ring binder is needed to keep all your paperwork in order. I also ask that you purchase index cards for your abbreviation flash cards. Textbooks are provided for you and are property of the CTC.

**Before** the school year starts, you are required to complete a two-step PPD, have up to date vaccinations, including Hepatitis B, influenza, possibly Covid and a physical exam. You also need to complete a background check on the Pennsylvania State Police website, [www.psp.state.pa.us](http://www.psp.state.pa.us) which costs approximately \$10. Follow the “how to” instructions. Please make copies and bring in on the first day of school or bring in original to make copies. I will need copies of all paperwork for your files. After school begins, we will complete Healthcare Provider BLS certification (CPR) through American Red Cross for the juniors. All of these requirements need to be completed each year in order to be able to be placed for clinical training and shadow rotations. The CPR is good for two years, so seniors do not need to re-take their certification. **Due date for all paperwork is August 31, 2023. No exceptions.**

In addition to assisting you learn the proper knowledge, skills and techniques needed in the Medical Assistant field, I will also be helping you to learn the necessary work ethics and professionalism that will help you to succeed in finding and keeping a job and make it a life-long career! Once again, I am excited to meet you all and make this program a great learning experience! Included you will find a checklist, uniform guidelines, classroom rules and call-off policy. I have included my email, [awike@lcctc.edu](mailto:awike@lcctc.edu), so feel free to contact me with any questions at anytime.

Sincerely,

*Alicia Petruska RN*

Medical Assistant Program Instructor

**Checklist of things you need for the LCCTC Medical Assistant program:**

\_\_\_\_\_ 2-3 scrub tops (at least 1 pewter, others may be black, grey, shocking pink or assigned print only)

\_\_\_\_\_ 2-3 scrub pants (at least 1 pewter, others may be black, grey, or shocking pink) NO "jogger" style

\_\_\_\_\_ 1 scrub jacket with emblem on left sleeve (may be pewter, black, grey or shocking pink)

\_\_\_\_\_ **white all leather** sneakers, nursing shoes, or clogs with backs  
NO cloth, mesh or canvas due to infection control reasons (NO CROCS)

\_\_\_\_\_ white socks (must go above ankles)

\_\_\_\_\_ stethoscope

\_\_\_\_\_ watch with second hand

\_\_\_\_\_ pens/pencils

\_\_\_\_\_ notebook

\_\_\_\_\_ 3 ring binder (3 inch suggested)

\_\_\_\_\_ index cards

\_\_\_\_\_ Two-step PPD, unless at high risk for TB, which includes visiting nursing homes, prisons and/or lives in multi-family home, then student needs a two-step PPD

\_\_\_\_\_ Up to date vaccinations including Hepatitis B and influenza (and possibly Covid)

\_\_\_\_\_ Physical exam

\_\_\_\_\_ Criminal background check from Pennsylvania State Police website

\_\_\_\_\_ Healthcare provider BLS (to be completed in class)

All items are necessary for the first day of school. All paperwork is due by August 31,2023. I hope you find this helpful!

*Ms. Petraska*

# MEDICAL ASSISTANT PROGRAM

## UNIFORM GUIDELINES

In addition to learning the skills needed to be a Medical Assistant, you also need to maintain a neat and professional appearance. Good personal hygiene and being well-groomed are two necessities of the Medical Assistant Program.

Medical Assistant uniforms **MUST** be worn at all times. If there is an exception to this rule, you will be notified in advance. Classroom uniforms can be found on LCCTC website under “Buy your uniform online”.

The main classroom color is PEWTER. All students should have at least one full uniform in pewter.

Coordinating colors that may be worn are black, grey and pink and assigned print. **No other colors or prints will be accepted. NO “jogger” style pants.** All scrubs may be purchased through Major League. **White all leather** sneakers or white nursing shoes or clogs, no holes, with backs must be worn, **NO CROCS.** Additional uniform rules that are required are as follows:

**GOOD PERSONAL HYGIENE**-Males must be clean shaven. Females may wear limited makeup.

**NO** perfumes or colognes are allowed, only scented deodorants and light scented body lotions. Uniforms may not be wrinkled. No changing of clothes is permitted in classroom or bathroom during class hours.

**HAIR**-Males and females hair must be clean and kept, pulled back or styled off the face and above or to the collar. Hair cannot be of an unusual color-purple, pink, unnatural red, etc.

**NAILS**-Must be clean and filed. Nail polish is **NOT** permitted. Any artificial nails, tips or gel polishes are **NOT** acceptable. Nails must be no longer than 1/8 inch beyond the tip of finger.

**JEWELRY**-No jewelry is permitted. No visible body piercings or gauges are allowed, including but not limited to: tongue, eyebrows, nose, lips or face. Band-aids will be used to cover new piercings and work ethic points will be deducted. No new piercings will be permitted during the program. Additional work ethic points will be deducted.

**TATOOS**-Visible tattoos must be concealed. No exception.

**SOCKS**-White socks or nylons must be worn. Socks need to go above the ankle.

**UNDERGARMENTS**-All students must wear undergarments. Females must wear full coverage underwear, no thongs. Males must wear a white undershirt. Students may wear appropriate long sleeve undershirt as needed, coordinating colors only.

**WATCHES**-All students must wear a watch with second hand. Watches may be metal or white or any coordinating color of the classroom scrubs. Watches should be large enough to view, but not oversized. **NO** Apple watches or device watches are allowed to be worn in the classroom at any time.

**JACKETS**-All students must remove any outside jackets or hoodies before entering the classroom.

Warm-up jackets are available on the LCCTC website, on left hand side. The LCCTC emblem must be embroidered on the left sleeve. All students must have a warm-up jacket for shadow and clinical rotations. Fleece jackets are also available to purchase to wear in the classroom.

**WRITING**-All students must carry a **black** pen only or pencil and notepad at all times. Students are also required to purchase a notebook. No other ink colors are allowed, black only.

**LANGUAGE**-Students are expected to speak professionally in the classroom, upon arrival, until dismissal. Profanity is strictly prohibited, at all times.

The Uniform Guidelines were developed with professional growth and knowledge in mind. As you work through the Medical Assistant Program, these guidelines will become “second nature” to you and help you develop the professional attitude and work ethic that you will need to become a healthcare worker. These guidelines are actual policies that will be required when you become an employee in the healthcare field at a hospital, office or health center.

---

***If I do not follow the above Uniform Guidelines, I may be denied participation in classrooms skills and clinical rotations. Deductions from daily work ethic grades will also reflect my neglect to follow the Uniform Guidelines.***

Student signature: \_\_\_\_\_ Parent/guardian signature: \_\_\_\_\_

DATE: \_\_\_\_\_ Parent/guardian daytime contact number: \_\_\_\_\_

## MEDICAL ASSISTANT CLASSROOM RULES

Students are expected to be reliable and dependable. This means students must be in their seat and have uniform check-in completed by the time the class bell rings... AM session-8:05am and PM session 11:35am. Failure to do so will result in being sent to the Guidance Office for a tardy slip. Students are also expected to come to class prepared. If books, worksheets, writing utensils, etc. are forgotten, a deduction in work ethic grade will be given.

Uniforms must be worn to class and until class is dismissed. No changing of clothes will be allowed during class hours. Uniform guidelines must be followed. Certain uniform violations receive discipline referrals. Three discipline referrals for uniform violations will lead to a Saturday detention.

Students must be responsible for their actions. Students may only leave the classroom with the instructor's permission. Students may only use classroom supplies, equipment and skill areas with the approval of the instructor. Failure to do so will result in the decrease of the work ethic grade.

Each student will be responsible for cleaning his or her work area at the end of each class. Whether, it is the classroom desk, front office area or the exam room area. I will assign additional duties on a rotating basis. I will also assign an "Office Manager" and "Inventory Manager". These students will be expected to lead by example and oversee that all duties are done. The "Office Manager" will supervise the group and ensure that all areas are clean and kept and that all students have completed their duties. The "Inventory Manager" will ensure that all equipment utilized by students during the day is replaced and accounted for. Repeated reminders to those students being negligent of these duties could result in disciplinary action including lowering the work ethic grade and potentially the marking period grade.

Courtesy, kindness and consideration toward all fellow students and CTC staff are expected at all times. This will prove to your instructor that you can convey a proper and professional attitude and ability to work in the medical field. This also is proof that you deserve clinical placement.

Absolutely, **NO** profanity, insubordination or unprofessional language or actions will be tolerated by any student in the classroom, clinical setting or anywhere on school grounds. This includes actions towards any student within the school, any other instructor or staff in the CTC and or guest speakers, etc. The appropriate level of action will be taken and could even include dismissal from the program.

A weekly classroom schedule will be handed out and posted on the board for students to follow. It will list what subjects will be covered as well as any upcoming quizzes, tests or projects due. Students are expected to check their folders.

It is the student's responsibility to make up any missed work or tests with the instructor. If the student does not make up the missed work or test within three days, the student will receive a 0%. Exceptions may be granted based on the reason for absence or extensions due to illness, injuries or hospitalization.

*ACADEMIC DISHONESTY* will **NOT** be tolerated and an automatic 0% will be given and proper steps will be followed per the student handbook. Homework and assignments are expected to be on time.

All purses and backpacks are required to be stored in the student's locker before class starts. Please ensure your book bag is not oversized. Students also may not wear any outside jackets or hoodies into the classroom. Warm-up or scrub jackets only. The student will be allowed to retrieve "necessary" items from their locker as needed. Please refer to the student handbook for the cell phone policy. Cell phones are **NOT** permitted for use in the MA classroom. They must be kept in the classroom hanger.

**BULLYING** of any form is unacceptable and also will **NOT** be tolerated. The student handbook policy will be followed at the time of incident. This includes any incident in the classroom, on school grounds or clinical setting. If any bullying incident does occur while in the Medical Assistant Program, clinical rotation could be refused for that student. Dismissal from the program could also be considered.

Consumption of any food is limited to the cafeteria. Eating in the classroom is prohibited. Only purchased water bottles with caps are permitted in the classroom. Water bottles must be kept on the floor and not on the tables with books or laptops. NO gum is allowed in the MA classroom.

Think of this program as a job. If you do not follow the rules for things such as, absence or tardiness you would not be able to stay employed at a real job. Following rules is part of a job. I wish to prepare all of you to get jobs and keep them. This program will be getting you into habits for a real life career. You will need to “call-off” when you will be absent or late. Please see attached sheet for instructions and explanations.

Please remember, the way you act and react in the classroom proves to me that you can or cannot handle being sent to a clinical rotation. Also remember that I must share your “resume” with the office managers before you are accepted for a clinical rotation. We all have “bad days”, but bad days cannot affect your work performance which in turn can affect your patient care. That is what is expected in the classroom. You will also be signing a “code of conduct” for the program, which is included in this packet.

If any student, parent or guardian has any questions about CTC rules or regulations, please refer to the student handbook. Additional rules and exceptions will occur in the Medical Assistant classroom. Also, new rules and procedures may be introduced throughout the school year.

REMEMBER~~You are in this program because you **CHOSE** to be in this program. There are other students who did not make it into this program, but wanted to. I want to make this a wonderful learning experience for you with real life lessons. Now, **YOU** need to make the most of your time here in the Medical Assistant program the best for you and your fellow students.

Work Ethic points will be deducted and discipline referrals will be sent to administration when students do not follow the uniform guidelines and classroom rules. Each student needs to have an 80% overall average grade maintained as well as an 80% work ethic grade to be eligible for clinical rotations, field trips, skills, shadow experience, etc...please see attached shadow/clinical eligibility sheet.

*Alicia Petraska RN*

Medical Assistant Instructor

Return this portion to class the next day...

We, (parent/guardian and student) have read and understand the **CLASSROOM RULES**.

# Medical Assistant Program

## CALL-OFF POLICY

As we move into the healthcare career, you the students, will be learning and gaining more and more responsibility. With that said, part of having a job is also having the responsibility to “call-off” of work when you will not be attendance. This pertains to sick days, field trips or any day you will not be starting at your normal start time. On these days, YOU the student, will need to “call-off” duty, not your parent. You must call a minimum of 60 minutes prior to your start time. If you do not, you will lose work ethic points. The point values are as follows: if you call-off late between 30 minutes and 60 minutes before start time, you will lose one work ethic point for “did not follow instructions”. If you call in less than 30 minutes before start time you will lose two work ethics points, one for “did not follow instructions” and one for “lack of teamwork”. If you do not call in at all, you will lose two points for “did not follow instructions” and two for “lack of teamwork”.

The number you will call is 717-273-8551, then dial extension 2119, leave a message with your name, time that you are calling, reason and/or estimated arrival time. A reason would be “ill, sick, appointment, etc...”.

Thank you and I enjoy watching you all grow as mature professionals!

Sincerely,

*Ms. Petruska*

**ANY QUESTIONS, PLEASE FEEL FREE TO CALL ME!**

Please detach and return bottom, signed and dated...

I have reviewed and understand the call-off policy...

Student

As per administration, NO cell phones will be allowed to be used in my classroom at any time. No exceptions. I would like to take the time to make sure you all have my classroom contact information. You must first dial the school's main number at 717-273-8551, and then dial my direct extension 2119. If you have an emergency, this is the protocol that should be followed. Lastly, all phones should be put away by the bell at 8:05am or work ethic points will be deducted. All students will then be able to retrieve them at 1030. Thank you.

Sincerely,

*Ms. Petruska*

Medical Assistant Program Instructor

# Hello, students, parents and/or guardians of the Medical Assistant Program,

I would like to take the time to make sure you all have my contact information. My email is [apetruska@lcctc.edu](mailto:apetruska@lcctc.edu). My direct extension is 717-273-8551, extension 2119.

Please do not hesitate to call or email me. I will make every attempt to get back to you as soon as possible.

Please include your contact information below.

Thank you!

Sincerely,

*Ms. Petruska*

Medical Assistant Program Instructor

## Tuberculin Screening

Dear Parent/Guardian/Physician,

Prior to the start of the school year, the student must have a **TWO STEP** intra-dermal tuberculin skin test also known as a PPD test for tuberculosis (TB). This one-step is a requirement of the rules and regulations that govern healthcare facilities. The student must have this completed **no later than August 31,2023.**

**Physician, please complete the following information and return to LCCTC with the required physical form**

\_\_\_\_\_  
(Student's name)

PPD test #1 received on \_\_\_\_\_  
(date)

PPD test #1 read on \_\_\_\_\_  
(date)

Results were            Positive            Negative            Read by: \_\_\_\_\_  
(circle one)

**Within 1-2 weeks after the first PPD test, a second PPD test must be administered.**

PPD test #2 received on \_\_\_\_\_  
(date)

## Medical Assistant Clinical expectations for seniors

Dear students, parents and/or guardians,

I am excited to not only expand the knowledge, skills and work ethic aspects of the student, but the hands-on clinical experiences as well. Hands-on clinical hours are defined as students using their skills and knowledge to actually do a job. This includes vital signs, escorting patients to rooms, observing patients, billing, coding, scheduling, and all of the other skills they have learned and will learn to do. In order to qualify for a clinical, the student must have an 80% as an overall grade in the program, which breaks down to an 80% in knowledge, 80% in skills, and an 80% in work ethic for the first year up until to the end of November in the second year in order to be placed in a clinical rotation. The student is also responsible to continue to keep an 80% during that rotation or they will be removed for the remainder of the rotation. All students who wish to take their certification exam for medical assisting after they graduate must be eligible by completing all of the tasks on the task list and must have completed a required number of hands-on clinical hours as contracted by the instructor. The shadow rotations, if applicable, during the junior year do not count towards clinical hours. They also must have proven to me that they are able to be respectful and work with the public on their own and are able to complete skills in an effective manner without assistance and do not have any disciplinary actions. Absences also play a role with clinical placement during the first and second year. Starting in August your student may not miss more than 10 days within the first half of the program of the second year. If the student has chronic absences, that states to me and the office that you are not reliable. During clinical, you may only miss 2 days. A 3<sup>rd</sup> day of absence will result in immediate removal from clinical. You must also be in uniform and be a "10" every day in the office. Two reports from the office of not being a "10" will also result in immediate removal from the clinical site. The clinical sites and I correspond practically every day. I also make bi-weekly surprise evaluation visits to each office. If one of these requirements are not met, the student is not eligible for clinical and therefore, is not eligible to take the certification exam. The exam will be scheduled here at the CTC before and upon graduation and costs approximately \$155 which you are responsible to pay. Lastly, some offices, especially hospital based are now requiring drug screens, child abuse and FBI background checks and vaccinations at your expense. The estimate additional cost is approximately \$100.

Your student's schedules during this time will be as follows; Students who are eligible for clinical will report to their clinical site at their usual time, 11:35am and are expected to be on time. They must find their own transportation to their clinical office. Clinicals will take place from the offices assigned time which could be 11:30 to 4:00, Monday through Friday from approximately beginning to mid-January to end of March or beginning of April. Some offices even require every day. Only exemplary students will be considered for those offices. The student must complete a contracted number of hours, which is approximately 140-180 hours. One day during the week will be in the classroom to catch up on tests, quizzes, skills and handing in homework. After talking with the offices, they make the decisions on what hours they prefer the students are present. I wanted to make sure you are aware of this information, so that you can start making transportation plans for the future.

If you have any concerns, please let me know. I personally am driven to make sure the students have every possible experience made possible to them to further expand their education.

*Ms. Petruska*

I acknowledge that I have been given the clinical expectations information for the second year of the program.

# MEDICAL ASSISTANT CODE OF ETHICS

In order to promote excellence in patient care and professionalism, the medical assistant student shall:

- Treat people and patients with respect for the dignity, rights and value of each individual
- Provide nondiscriminatory and equitable treatment for all patients
- Promote and strive to protect the health, safety and rights of each patient, including placing the well being of the patient before his or her own well-being
- Maintain confidentiality of patient information following privacy regulations required by law (HIPAA)
- Not reference any person, place or affiliated agency associated with any clinical experience in or on any form of social media including, but not limited to, blogs, Facebook, Twitter, YouTube, Snapchat, etc...Information displayed on these formats is considered public and could be identified as a HIPAA violation
- Perform procedures or functions within his or her level of education and scope of practice
- Refuse to participate and/or post on any social media situations that are illegal, unethical or incompetent acts
- Disclose any illegal, unethical or incompetent acts of others to the proper authority
- Avoid any conduct that will create a conflict of interest
- Demonstrate behavior that reflects integrity
- Follow all principles of ethical and professional behavior, as identified in the code of ethics of his or her chosen health field

Students may be denied clinical rotation and participation for breaches in any of the above code of ethics. Students who are in a clinical rotation and breach the code of ethics will be dismissed from their clinical rotation and possibly the medical assistant program.

I have read and understand the Medical Assistant Code of Ethics and I understand that any breach in ethics may result in the inability to participate in a clinical rotation, removal from a clinical rotation, or removal from the program.

Dear students,

As we move into the new school year we are anxious to teach you more and more every day. There is one thing that does concern us. We find that the majority of students are not handing in assignments by the due dates. This does not teach you to be responsible with your time management.

So, with that said, to remind you, all assignments are due upon the due date assigned. If you do not hand in your work on the assigned due date you will receive a "0". After the due date, you will have one week to hand in late work and you will only receive half credit for the assignment. We are trying to foster a more responsible and professional academic environment for you all, instead of enabling you to procrastinate.

Sincerely,

*Ms. Petruska*

---

I, the student, understand the above guidelines of late work.
