Dear Sports Therapy Sciences Students and Parents/Guardians:

Congratulations on your acceptance into the Sports Therapy Sciences program. I look forward to seeing all of you in the fall. This is a great first step into the field of health, wellness, and fitness. The focus of this program is to combine aspects of many career paths to provide a well-rounded education and open the doors for new opportunities. Our goal is for you to be able to take the knowledge and skills that you have learned and move forward into your chosen career path, whether that is continuing your education or entering the workforce.

We had a highly successful class this school year that included academic achievements, skills training and certifications, teambuilding, and service projects. I expect you will follow the tradition of excellence both in and out of the classroom. The CTC's *Shop of the Year* competition is a school-wide competition that is based on overall grades, attendance, and activities in school spirit. We have a long history of winning this trophy, so I hope we can continue the tradition. I am excited to see what we can accomplish in the upcoming school year. The work is challenging, but with perseverance and a growth mindset the work is achievable and rewarding.

Below, you will find a link to our school's website. Once on the page, click on the Sports Therapy Sciences tab; you will find a copy of this letter and a list of items to be purchased or completed **prior** to the start of school. Please make sure to read over the information carefully and contact me with any questions. The best way to reach me over the summer is through email, which I will check weekly. My email address is hseyfert@lcctc.edu. You can also contact the main office at (717) 273-8551 and they will assist you.
